The Honorable Denise Cote
United States District Court
Southern District of New York
500 Pearl Street, Room 1040
New York, New York 10007

Re: In re WorldCom, Inc. Securities Litigation, Master File No. 02 Civ. 3288 (DLC)

Dear Judge Cote:

As set forth in our letter dated March 24, 2005, we were unable to reach agreement with Andersen as to the Court's suggested stipulation regarding the authenticity and admissibility of documents produced by WorldCom pursuant to subpoena in this action. As a result, we are now forced to proceed with a wasteful document-by-document analysis. Accordingly, we enclose for Your Honor's consideration at the hearing today two emails produced by WorldCom, which we would like to use during our opening statement. Lead Plaintiff respectfully submits that the enclosed documents are both authentic and admissible.

Respectfully submitted,

John P. Coffey

I think your group should have access. I was concerned that AA in general had access which we can not do. If they are loan staff I am fine.

Sorry for jumping to conclusions but we fought AA during the past two years as they wanted access as part of the audit and we would not let them do that.

Curt, in the future please run access to the ledger and Essbase through me and or Buddy.

>>> Walter Nagel <Walter.Nagel@mci.com> 06/06/99 12:43pm >>>
I was not aware of the access rules. There are 3 AA tax guys that are on loan to the federal income tax group who now have access. These are low level staff who are working under our direction. I understand the concern: we will shut them down. I will have Marc talk to Buddy to negotiate what tax employees have access since I think it makes accounting's life easier if we get most of our information directly.

Walt

Buddy just told me that an AA tax person has direct access to the ledger. This is not acceptable. We will answer questions asked but no one outside of the accounting department and certain other employees on an as needed basis should have access.

Confirm people outside of the accounting department with access and all non-employees.

Why did you distribute this report? I thought we were never again distributing this. This shows Fin Rpt of \$600M for the quarter. No need to reply but do not distribute again.
